

Certificate In Equine Coaching Level One (Western)

Programme Outline

This exceptional qualification is designed to provide an unequalled foundation to advanced equine coaching, using global best practices.

The qualification allows graduates to become an assistant or level one coach within an established western equine coaching business.

The strong focus on equine and rider biomechanics, together with the development of key coaching skills guarantees coaching at an international level.

This qualification has a specialization in the western riding discipline affording graduates' additional knowledge and skills in this fast-growing discipline.
